

Literacy

This term in literacy we will be looking at recounts. Through various activities the children will learn to prepare for writing this type of non-fiction work as well as producing a number of finished pieces. We will be using this term's topic of WWII to provide the stimulus for much of this. To support this the class novel will be 'Good Night Mr Tom' the story of a war time evacuee.

Science

'How we see things' is our unit of Science this term. The children will be investigating how light travels through the use of a beam of light and mirrors. We will be looking at reflection and the way light bounces off objects and travels to our eye. So let's hope we can all see more clearly at the end of the topic!

Numeracy

Our class target this term is to get even better at addition and subtraction. We will be moving the children on to addition and subtraction involving decimals and also to apply their knowledge to a range of problems. We will also be developing further their abilities in multiplication and division along with work on shape and space.

Year 5/6 – WWII

ICT Multi-media

In this unit the children develop their skills in producing various IT presentations making use of sound and vision, in a WWII presentation.

RE

The theme here is Writings. How have various religions (mainly Islam and Christianity) encapsulated their faith in sacred texts.

Welcome back class 4. This term should be an exciting one as our topic is The Second World War. As you can see, we are using this theme in a number of subjects to provide meaningful content. This helps the children to feel that what their learning as relevance.

History

The history unit provides us with our topic for this term, World War II. Along with a general understanding of the war and its effects, the children will be learning about how the War impacted the lives of children their own age. We also hope to be meeting people who lived through the War.

Music

As ever the wonderful Mr Parffit will be taking the children for Ukulele. Don't forget to send them in on Tuesdays for the lesson.

Art

This unit of work is called 'People in Action'. In this we will be examining and producing movement in art and still images. We will be making use of various media for our work.

PE We have two units this term, a dance unit, which will involve the children producing a dance based on the Blitz, and a Hockey unit up at the village hall. Remember PE kits on Wednesdays and Thursdays.

PSHE

My family and friends. The children will be exploring the different relationships we have and how they affect our lives.

French

Once again Miss Colby will be taking the class for their French lessons. So, La bonne chance et moi espèrent qu'elle toute va bien !
