

A week in the life of a
pupil in
Dundry C of E Primary
School

I have just completed my first week in **Rowan Class**.

My teacher is called **Miss Fitzpatrick**.

The other adults who work with me are **Belinda Densely and Kelly Evans**.

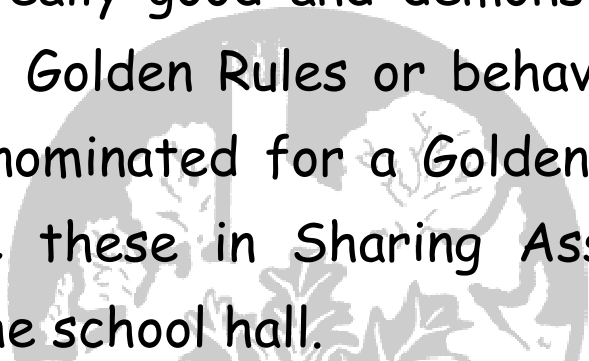

The Headteacher is called **Miss Price**.

Julie Smith is the lady who works in the office.

There are four houses at Dundry: Malvern, Quantock, Mendip and Brecon. We each have our own colours and mascots.

We work hard to earn housepoints. This encourages us to work as part of a team.

If we are really good and demonstrate any of the school's Golden Rules or behave really well we can be nominated for a Golden Certificate. We receive these in Sharing Assembly on a Friday, in the school hall.

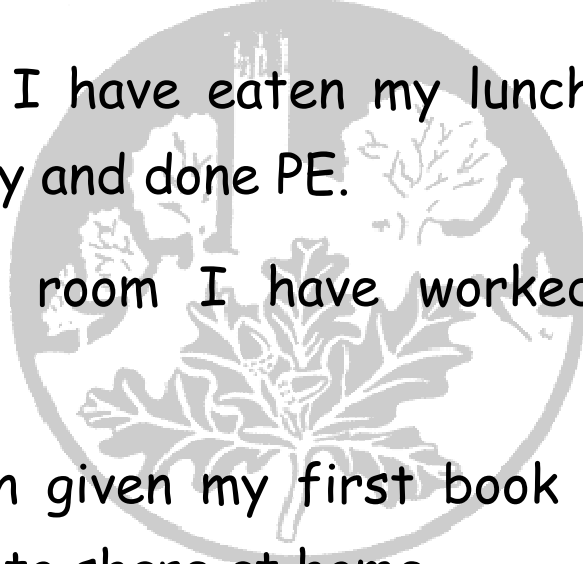

Our parents will get a text to let them know we will be receiving our award, so they can come and watch.

During my week I have visited other rooms:

In the hall I have eaten my lunch, sat quietly for assembly and done PE.

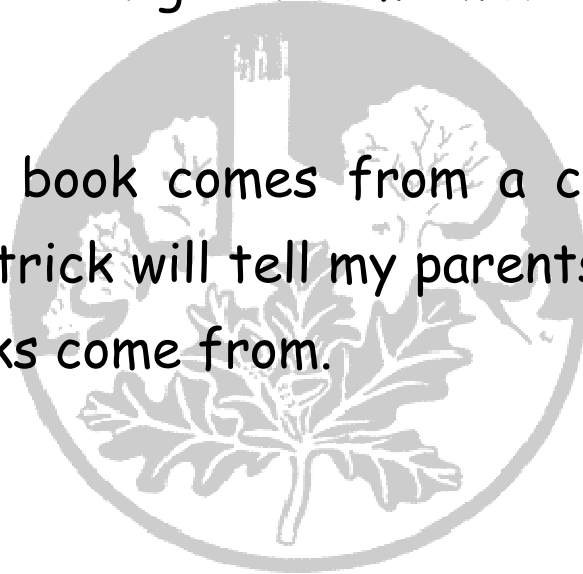

In Blossom room I have worked in a small group....

I have been given my first book to read, and some books to share at home.

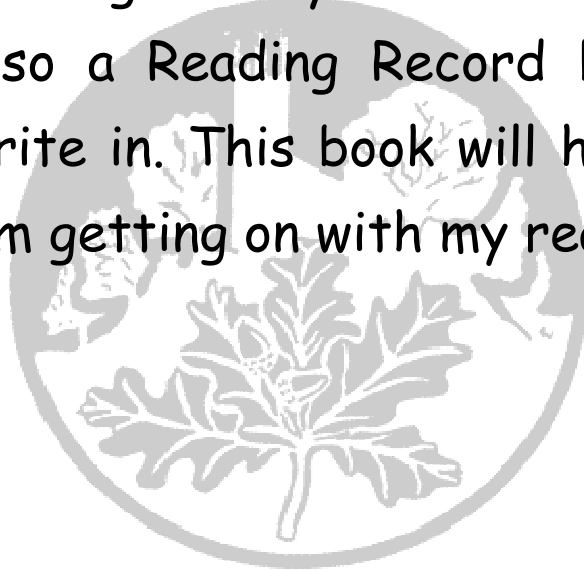

I have also been given some words to learn to read.

My reading book comes from a coloured box-
Miss Fitzpatrick will tell my parents what colour
box my books come from.

My new book bag has my books and words in it.
There is also a Reading Record book for my
family to write in. This book will help everyone
know how I'm getting on with my reading.

Miss Fitzpatrick will give us a Curriculum Web to bring home. This shows what I will be learning this term. It also has ideas on it for me to try at home.

I will soon have my Targets sent home so my family can see what I need to work on in Maths and English.

I have enjoyed finding out about Dundry Primary, bringing in things to Show and Tell, talking in Circle Time, eating fruit and drinking my milk.

If me or my family have any questions we know that Miss Fitzpatrick or any of the adults in school can answer them.
